QUARTERLY REPORT OF FAST CHARGE FEE FOR DC FAST CHARGING STATION PROGRAM

Dear Ms. Boyd:

Pursuant to Order Nos. 2020-645 and 2020-646 issued in the above-referenced dockets, and the tariffs associated with the DC Fast Charging Station Programs under the Electric Transportation ("ET") Pilots approved for Duke Energy Carolinas, LLC ("DEC") and Duke Energy Progress, LLC ("DEP") (together, the "Companies"), the Companies are hereby reporting the first quarterly Fast Charge Fee based on the approximate statewide average price per kilowatt-hour ("kWh") for fast charging services in advance of the opening of the Companies' first DC Fast Charging Stations.

The Fast Charge Fee for the third and fourth quarters of 2021 is \$0.35 per kWh. An updated Fast Charge Fee will be reported to the Commission at the end of the next quarter.

Kind regards,

Sam Wellborn
